NORTHEASTERN PENNSYLVANIA

MONTROSE.

Special to the Scranton Tribune. Montrose, Feb. 8 .- Very delightfu! lectures were given by Dr. Putnam, of New York, at Village hall on Tuesday and Wednesday evenings, and he will give a third one tonight. Owing to the severe weather of Tuesday evening there was a small attendance, and that reason Dr. Putnam will re-

next Wednesday evening. At a meeting of Rescue Hook and Ladder company, No. 1, held last evening, it was decided that the company would hold its annual reception at Village hall on Wednesday evening.

peat his celebrated lecture on "Rome"

Efforts are to be made at once by some of our leading citizens and business men to induce J. W. Mott, proprietor of Mott's mill, which is at present located several miles from this borough, to move his mill to this borough. The business has outgrown its present quarters and Mr. Mott is seeking a new location. Pittston wants it and has made Mr. Mott a flattering offer, but he prefers to come to Montrose, if he is given a little assistance and encouragement by the people of this place. The mill should under no circumstances be permitted to leave the county, and every reasonable effort should be made to secure it for Montrose. Wherever it goes, the mill is to ches in thickness is being taken from be at once enlarged and will give em-ployment to a large number of hands, old Eric station. DURYEA.

Duryea, Feb. 8 .- Friday afternoon

the pupils of the high school gave an interesting entertainment in the auditorium of the high school. The ente:tainment was composed of recitations, vocal music and a debate that showed preparation and careful thought by the debaters, also one that gave the pupils a better idea about the subject. The singing

was rendered by pupils who have talent for work in this direction, as also was the reciting. The teachers of this township labor earnestly for the pupils' welfare as is shown by the various entertainments that are rendered. While the teachers have those entertainments conducted in a creditable manner they do not allow the students to forfeit their lessons for it. The programme was as follows: Opening song, school; recitation, Alice Brown; recitation, H. Kresge; debate, resolver, that expansion is beneficial to the United States. Negative, Agnes Murphy, Eva Evans; affirmative, James Jackson, Anna Mo-Donald; solo, Eva Evans; recitation.

sephine Healey; closing song, school, The other evening the breaker boys of the Delaware, Lackawanna and Western colliery of Hyde Park enjoyed a sleighride to this place. They were treated to a lunch at the Corcoran ho-

FACTORYVILLE.

Special to the Scranton Tribune. Factoryville, Feb. 8.- Next Monday is he time set for a hearing in the election contest, but there are some doubts yet as to whether it will come off then

Captain E. J. Rice post, Grand Army of the Republic, will fittingly celebrate Lincoln's birthday by giving an evening, Feb. 12. In the Methodist Episcopal church. Rev. A. J. Van Cleft, of Dunmore, will deliver a locture on "The Life and Public service Abraham Lincoln." The church choir will furnish the music for the occasion.

Since Representative Squier Introduced the bill for a state hospital for the insane for the counties of Wayne, Wyoming, Susquehanna, Pike, Sullivan, Bradford and Lackawanna, there is a big cry from Wayne and Susquehanan to have it (if built) located in their respective countles. We are willing to admit that such an institution is much needed in either of these two counties, but perhaps it will be built in Wyoming nevertheless, and, if so, we will assure our neighbors from Wayne and Susquehanna that we will reserve plenty of room in it for them. During this cold weather it is very essential that our fire hydrants be

tested often to see if they are in working order. The borough council, at a meeting Wednesday night, decided that borough ordinance No. 12, relating to cleaning snow from sidewalks, and the dumping of garbage and ashes in the streets, must be enforced, and notice was served on the burgess to that

effect. The usual services will be held in

both the churches tomorrow morning

A detailed report of the census returns was sent out this week. shows that Wyoming county has gained over twelve hundred in the past decade. The following is the table as made up from the returns:

NEW MILFORD.

Secrial to the Secanton Tribune. New Milford, Feb. 8.-E. W. Morgan

s quite ill with congestion of the Miss Mary Birney, of Montrose, visited friends in town this week. Mr. and Mrs. Charles Moxley, of Halistead, were guests of Mr. and Mrs. N. F. Kimber the forepart of the week.

Mrs. A. F. Dutcher entertained her sister, Mrs. W. G. Stafford, of Binghamton, recently, Mrs. Charles Jay, of Greene, N. Y., s a guest of Mrs. Alma Kimball. Mr. and Mrs. Lee J. DeWitt are rejoicing over the arrival of a little son Miss Florence Inderlied called on

Great Bend friends Thursday. F. L. Bryant, of Deposit, spent a few lays in town this week. Mrs. James Prentice is spending some time with her parents at Alford. Mrs. H. Bellew visited at Susque last week.

The New Milford Dairy compan opened the new creamery in this place and commenced operations on Friday of last week. Rev. Charles Smith, of the Methodist church, will preach from the subject, "Church Music," next Sunday

by Pneumonia and

to Ignorance and Careless-

the Afflicted.

The reports of the Bureau of Vital Statistics for 1900 show that during that year 178,695 persons in the United States died from Pneumonia and Con-sumption alone, and while this is a reduction of 23,365 from the number who died in 1899, it proves that these great plagues are annually destroying one person out of ten of the adult population of this country. That four-fifths of these people might have been living today but for their own ignor-ance or carelessness, is well known to the 13th of this month. The entertainment will be held in the Methodist Episcopal church under the auspices of

the medical profession.

Let us explain what is meant by ignorance and carclessness. During the past afteen years over five million dellars have dollars have been expended annually by persons suffering from coughs, ca-tarrh, bronchitis and consumption, and all this for stomach medicines or treatments requiring the use of treatments requiring the use of sprays, vapors or atomizers. But during this whole time the Bureau of Vital Statistics shows that these dis-eases increased 50 per cent. annually, and medical history fails to give one single case of consumption cured. One would naturally infer that after such reports by the government, nothing but ignorance of these facts could explain why so many thousands con-tinued to spend their time and money on such treatments.

Carelessness in selecting treatments for respiratory diseases, is shown whenever any sufferer purchases a remedy which requires the use of sprays, vap-ors or atomizers, for certainly no man, woman or child who has ever attended our public schools is ignorant of the fact that the construction of the air

passages is such as to render it impossible for any of these treatments to reach the diseased parts.

Consumption and Pneumonia are germ diseases, and as physiology, the government reports, and history of medicine teaches us that there is no government reports, and history of medicine teaches us that there is no possibility of a cure being effected through the stomach or by sprays, vapors or atomizers, what hope is

there for persons afflicted?
Knowing that you are a reader of the daily papers and see the glowing advertisements published by hundreds of manufacturers, we shall not try to explain this, but instead, give you a few facts furnished by those who are not interested in any way with the sale

States Health Report published the fol-

"For the first time in the history of this country, we have noticed a circulated regarding the milroads whose such great falling off in the number of are selling below 40, as has become the fashion deaths by respiratory diseases dur-ing the past year. BE MASTER, NOT SLAVE.

No Success for Man Who Is Drowned in His Calling. O. S. Marden, in Success. A European traveler tells of the following epitaph which he read on a

tombstone in England; "Here lies -; he was born a man, but died a grocer." The man had disappeared in his calling. We often find that a man's vocation has swallowed him; that it has completely overwhelmed him, that there is nothing left of him for any purpose outside his occupation. It is a contemptible estimate of a vocation to regard it as the means of getting a living. The man who is not greater than his calling, who does not overtop his vocation, so that it runs over on all sides, is not successful. A he writes, greater than any speech he man should be greater than the books makes, than any house he builds, or any sermon he preaches.
